

# Suwannee Bicycle & Adventure Fest

May 2-5, 2002

## Photo Highlights

by festival volunteer, John Koch of  
McAlpin, Florida

Suwannee County Fairgrounds becomes  
“tent city” for the Fest.

Thanks to Registration Tent Coordinators,  
Don & Audrey Talmon of Plant City, for  
keeping tabs on festival numbers.

Recumbent cyclists “cued up” for the  
Saturday afternoon “Parade.”

Leaving Stephen Foster State Park after  
historic tour of White Springs and picnic.

Follow that red & white van!

High quality festival meals are provided by Charles Thomas and the  
crew from the Dixie Grill of Live Oak, Florida.

Meal time at the Fest is appreciated as much  
for the camaraderie as the food!

SBAF Saturday afternoon "Corn Party" was such a hit with festival participants, they almost ran out of corn.... nothing better than fresh corn on the cob dipped in melted butter!

Adventure Fair exhibitors enjoyed good conversation and chicken pilau dinner too.

Harold Clayton detailed bikes all weekend and had good crowds for his seminars.

**"Just wanted to thank you and your organization for putting on such a great event last week in Live Oak. I certainly enjoyed the rides, food, canoeing, tubing, etc. It was my first trip to the festival, however I plan to return again and again. Terry Davenport (a bicycling buddy who also attended) and I developed a phrase as the event unfolded and have begun sharing it with other bicyclists in our area. Simply put, we kept saying to ourselves: 'Just when you think it can't get any better, it does!' Thanks again for a great bicycling experience!"**

**- Mark Ashford  
Morristown, Tennessee**

"Kitten Rescue Central" at Event HQ became a major attraction.

Sag Stop at Suwannee Springs... awaits the group's arrival.
