

SUWANNEE BICYCLE ASSOCIATION

www.suwanneebike.org

Gar Pond Trail – is 5 mile loop trail open to bicycling and hiking and is marked with blue blazes or four-inch white circles. “Trail Markers”, lettered A-H, are positioned at key points for additional location awareness. For the bicyclist, the trail is a fast single track suitable for all skill levels. Hikers will enjoy a scenic hike through its many natural communities with some elevation changes along the way.

Gar Pond is 877 acres comprising of twelve natural communities predominately mesic flatwoods, scrubby flatwoods, basin marsh and sand hill. Gar Pond hosts many species of wading birds due to its fluctuating water conditions. Additional wildlife viewing opportunities include Gopher tortoises, Cooper’s hawks, swallow tail kites, deer and turkeys.
